Gentlemen:

RE: Ziegler Chemical & Mineral Corporation  
Notice of Intent, ML 19868 and ML 20779

The Division has reviewed your notice of intent to conduct gilsonite exploration and mining on lands under the above-numbered leases. Two requirements must be met prior to your commencement of operations.

1. A cultural survey of the affected lands must be completed by a qualified archaeological consultant at Lessee's sole expense. A completion report of the survey must be filed with this office.
2. A surety bond (bond form enclosed) in the amount of not less than \$7500 must be posted with the Division. Alternatively, you may post a short term renewable time Certificate of Deposit with the Division listed as an owner.

You must also meet all requirements of Division of Oil, Gas, and Mining for this project. Please contact me should you have any questions in this matter.

Sincerely,

JOHN T. BLAKE  
MINERAL RESOURCES SPECIALIST

JTB/tdw
